THE subscriber offers for sale his ESTABLISHMENT on the north side of Cameron-street, situated on the centre of the square between the Bank of Alexandaia and the City Tavern—consisting of a three story

BRICK HOUSE,

with two stories in the rear, the whole covered with slate and running in one range of buildings from the front 117 feet 6 inches. The house contains twelve rooms, (besides the store and cellers; 10 of them with fire places, some of them spacious and elegant, and few less than 15 by 18 feet in the clear, except on closet room; one front and two back stair ways, a kitchen with two fire places, with stoves for cooking, over which are servants' rooms, adjoining a pantry, smoke house and other necessary back buildings.

The cellars are large, floored and fitted up in the neatest manner, equal, if not superior to any in the district; the floor over which, is finished in the best stile, and has been occupied for a length of time pass as a fancy store, consisting of China, Delf, Glass and Hardware. &c. The cellars as a Wine Grocery and Spirit Store, &c.

The purchaser can have the goods on hand, which comprise a good assortment and have been carefully selected at cost

On the house, so far, there has been expended and paid upwards of $12,000. Nearly 16 feet of the lot in front remains to be built on.

The buildings are insured and nearly complete in every particular, and on examination will be found to be an establishment equalled by few here or elsewhere.

About two thirds of the account for house goods, &c. would be required in hand, or in approved notes at short dates on the remainder a long credit will be given.

He would wish, also, to sell, on a credit, or would barter for goods, or property in the district—two squares of two acres each, in the town of Jefferson, Ohio. Both squares join in with the public square, on which has been erected the market-house, court house, jail, etc.—The squares are divided into half squares, by 88 feet alleys, and to each half square there is attached 8 acres of land immediately adjoining the town, as town farms, and to each square the remaining 100 acres, further distant. This settlement is in a flourishing state, being the county and post town, situated on the river Grand, a short distance from Lake Erie, the soil rich and of first rate quality.

Should he not be able to effect the sales above stated in a short time, on liberal and fair terms, he would have no objection to take a partner in trade, who putting one third or one half the interest he holds in the concern, would reap a proportionable part of the profits in assisting to conduct the business.

LATEST FROM ENGLAND.

By the brig John M'Cammon, capt. Larmour, arrived at this port last evening, we have been favored with files of London papers to the 8th December and with Belfast and other Irish Papers to the 15 h of the same month.

The most important feature of their contents, is the late serious and alarming roit, which took place in London on the 2d December, of which we have given a hasty sketch below.

It appears from a state of the markets in different places in England and Ireland, that all fears of a scarcity had subsided: very large importations of grain from the Continent, had reached England: but a report prevailed at the last date, that the Dutch government had prohibited any further exportations from the ports of Holland.

The cargo of the John M'Cammon, consisting principally of provisions, &c has arrived very opportunely, for never were our markets worse supplied, or prices higher.

—

SERIOUS RIOT IN LONDON.

Another and more serious Riot, or, as the London Courier terms it, "insurrection," took place in that city on the 2d December.—It originated in a meeting at Spa Fields, called by seditious and anonymous handbills, to hear the report of Mr Hunt, who had been appointed at the previous meeting, November 15, to present a petition to the Prince Regent.—The answer of the government was by no means satisfactory, and the mob, after being harangued by Mr Hunt and others, proceeded into the city, in two or three very large bodies, bearing flags, with various mottos, expressive of their dissatisfaction, and determination to seek a redress of their grievances by force of arms. In their progress they broke into several arm shops, and took therefrom many hundred muskets, pistols, cuirasses, &c with which they patrolled the streets, frequently discharging their pieces." The Lord Mayor and Peace Officers exerted themselves to the utmost, to keep down the spirit of insurrection, in which efforts they were promptly aided by the military, who watched the movements of the mob. The city of London had not for many years exhibited such a scene of tumult A party of the insurgents entered the enclosure of the Exchange, when the gates were shut and a few of them secured; this exasperated the mob to such a pitch, that not being able to force the gates, they raised each other upon their shoulders, and fired over the top of the gates, at the Lord Mayor and his party; this body was, however, soon dispersed.

The city was well furnished with soldiers, both horse and foot; the horse paraded all parts of the metropolis during the evening and the night, and preserved order every where.

The Bank and East India House were provided with sufficient force to repel any attack, and the city militia kept watch within the Royal Exchange. The Inns of Court had their gates closed, and the shops in almost all the principal streets of the city were shut up.

We do not find, in the various accounts with which our papers are filled, the mention of any person being killed; a great number of persons were wounded, or cut and maimed, in the various rencontres which took place between the mob and police officers, and individuals defending their property.

Two men, named Watson, father and son, the latter a Doctor, were among the principal leaders of the rioters; the former has been taken, but the latter had not been found, up to the last dates, although great exertions were made to apprehend him. He is charged with having shot a Mr. Pratt, who happened to be in the shop of Mr. Beckwith, a gun-smith, where the mob entered to obtain arms He is supposed in some of the papers, to have fled to America, where it is said he has extensive connexions.

In the first moments of alarm, it was supposed that the London rioters were acting in connexion with others of a similar stamp, in different parts of the kingdom; but nothing appears to have been attempted in any place, except a slight disturbance at Sheffield.

Several gangs of thieves accompanied the mob, who hustled several gentlemen, and robbed them of watches, pocke books, &c.

Private letters from Paris mention, that the King is much indisposed. The gout, we apprehend, has returned, and his majesty was not able to hold a levee last Monday: But no dangerous symptoms have manifested themselves.

The Juno, Henry, from New-York to Sligo, was struck by a sea, on the 8th ult. and upset, when 22 passengers and 10 of the crew unfortunately perished

On the 5th ult. there was a very heavy gale of wind at Lisbon, in which thirty three fishing boats foundered, and above 100 poor fellows were drowned. The rapidity with which the gale came on is remarkable; not more than ten minutes before the fatal catastrophe it was a calm!

The *Hull Packet* states, that the importation of grain from the Continent promises to be more than adequate to the wants of the country. When the Prussian brig Minerva, which lately put into Portsmouth with damage, left Dantzic there was nearly 80 sail of vessels lading there with wheat, for London and Liverpool.

Dec. 10

We have received the Paris papers of Friday and Saturday last The king is much better, but has not yet been able to take his accustomed airing. There is no other article of any importance in these papers. The funds are 56f. 60c.

The Brussels papers received this morning contain a report, that the French minister is endeavoring to negociate a loan in London, for the purpose of meeting the enormous deficit in the budget of 1817; and that the mission of M. Ouvrard was connected with this affair. It would be premature to comment at present on this subject, particularly as we hope to obtain much interesting information from the approaching discussion on the budget in the chamber of deputies.

Dutch papers to the 7th inst. arrived this morning. The increase of discontent and disturbance on the French frontier provinces has induced government to adopt extraordinary means of precaution. They are said to have been excited not more by distress than by inflammatory and seditious publications. All suspicious persons are, in consequence, strictly watched, and several have been sent out of the country. Among the latter is General Vandamme, whose conduct in the defence of Hamburgh was marked with so much barbarity.

The news mentioned in all the daily papers yesterday, that no exportation of grain would be allowed from Holland, is not official; the only foundation for the report was the private letters from Rotterdam, stating, that an order had been received at the custom house not to grant any more cockets for the exportation of grain, some of the letters mentioned the circumstance as temporary; others a permanent regulation, and that the prohibitions would immediately follow; it is a circumstance of much interest to state, that no intelligence of the above effect had reached Antwerp on the 5th inst. In the city this morning it was much doubted; and for our own parts we do not believe it.

It is reported that Mr. Maturin has another Tragedy in rehearsal at Drury-lane Theatre, and that it will be given out for representation some time in January.

WEST INDIA NEWS.

From Jamaica, received at the office of the Courier.

Bridgestown (Bar.) Nov. 28.

His Excellency Major gen. Ramsay left this on Thursday last, in the Antelope, Admiral Harvey, for Montserrat, where he is to be sworn in as Governor, and will then resume the Administration of Antigua. The Major General, with his Lady, embarked at half past two o'clock in the afternoon, in the Admiral's barge.

The remains of his Excellency Sir James Leith, G. C. B. which had been embalmed in order to be sent to England, were yesterday put on board the Duke of York [army vessel] which sailed to overtake the Rapid packet at one of the Leeward Islands, whence they will be removed to the latter, and conveyed to Falmouth, in charge of capt. Belches, one of his Excellency's Aides de-Camp, agreeably to Sir James, request. The Duke of York would call at St. Lucia, for major general Douglass, who will take his passage in the packet.

His majesty's ship Seamander arrived on Wednesday, with specie for the use of this Army, which had been obtained at St. Thomas's; and on her way thither she touched at St. Martin's [whence she had a passage of only five days,] and received on board major Terry, 25th Foot, with the British Garrison of the Southern Division of that island, which was restored to the French on the 22d inst. On that night, we are informed, one of the soldiers of the 63d Regiment unfortunately fell overboard, whilst the Seamander was under a press of sail, and was drowned notwithstanding the personal efforts of capt. Elliott, of that ship, who at the risk of his own life, went in the boat that was lowered for the preservation of the soldier; and in this, which we understand is not his first humane attempt to save a fellow-creature from perishing in the ocean he was accompanied by three of his officers. but the object of their exertions sunk before they could render him any assistance.

Lieut. col. Lavicourt, and nearly 300 of the Royal West India Rangers, and a detachment of a about the same number of Royal York Rangers, have arrived in the above transports, to join their regiments in this command.

KINGSTON, [Jam.] Dec. 14.

On Tuesday the sitting magistrates fully committed for trial, at the ensuing January Surrey Assizes, Thomas Brown, a seaman, lately belonging to the Salisbury, of 50 guns, charged with the stealing out of the launch of that ship, while conveying specie &c. from a wharf in this city to the Primrose brig, of 18 guns, captain Phillott, which sailed on the 11th ult for Great Britain, a case containing gold dust gold bars, trinkets, &c. of the value of 553l. which he conveyed on board the Salisbury, and afterwards deserted from that ship with his booty. Charleston, Feb. 15.

From Port au Prince.—Captain Kennedy, arrived here on Thursday, from Port au Prince, informs, that the expectations of an attack upon Petion, by Christophe, had subsided; and the forces of the former, which had been collected to meet it, amounting, as was stated to 23 000 men, had been again dispersed to their different posts. Petion had seized upon all the piratical privateers in the ports of his possessions and it was expected that much of the property clandestinely brought in there, would be recovered by the lawful owners.

From the following extract of a letter from Havana, received yesterday via Savannah, with which we have been politely favored it would appear likely that the money transaction mentioned a few days since, may terminate in something serious between the British and Spanish governments. The letter is from a gentleman who possesses the best means of obtaining correct information.

The Extract.

Havana, 2nd Feb. 1817.—I wrote you yesterday, by a British brig direct for Charleston, (the Mohawk;) but another opportunity offering this afternoon, by the way of Savannah, I cannot let the opportunity slip of giving you all the information in my power. I have already advised you that a British frigate had been sent here to demand the money that a Spanish vessel had taken from the officers and crew of the British brig of war Tay, stranded near Vera Cruz, and that the government here had refused to deliver it up; this afternoon the frigate has commenced landing the guns belonging to the stranded vessel and I am told intends to land every thing they have on board belonging to her, together with her officers and crew, which are all to be left here. This business has and still makes much talk here and many think it will be attended with serious consequences. There is upwards of an hundred thousand dollars in dispute; on one side it is said, the Spaniards took more than they choose to account for; and the Intendant says that he has submitted the affair to the court of Spain, and therefore can do nothing until he hears from home. At the same time, he claims the money as forfeited to the king of Spain. The captain of the vessel that took the money has been imprisoned and will be tried by the general of Marine."

WASHINGTON's BIRTH DAY.

On Saturday last, the anniversary of the Birth of the late illustrious patriot and father of his country, Gen. GEORGE WASHINGTON, was celebrated in this town in the usual manner, by a military parade and procession of the Washington Society to Christ Church, where an appropriate Oration was delivered by WM. SHELTO STUART, Esq. one of the members of the society. As we have been politely favored with a copy of the Oration for publication, we forbear making any remarks on it; but will present it to our readers for their perusal on tomorrow.

At a meeting of the *Washington Society of Alexandria*, 22d February 1817, it was resolved that the sum of six hundred dollars, be appropriated out of the funds of this society, towards the support of the Washington Lancastrian Free School

On motion, resolved, that the sum of two hundred and twenty dollars, the interest on the legacy of the late Mrs. Washington of Hayfield, be appropriated towards the support of the female Lancastrian free school, under the direction of this society:

FIRE!

On Thursday morning last, a fire was discovered in the celebrated Tavern at Havre-de-Grace, kept by Mr. James Gilbert, which was entirely consumed, with all the furniture. Gen. Brown and several other passengers narrowly escaped with their lives, and only escaped by leaping from the second story windows. The general first discovered the blaze and alarmed the lodgers. He then attempted to return, for the purpose of securing his effects, but was prevented by the fire and smoke from so doing. Destitute of clothing he escaped through the windows; his baggage was entirely consumed, amounting in value, it is believed, to about one thousand dollars. A lady passenger, we are sorry to relate, received considerable injury from the blaze. The amount of property destroyed, is estimated from fifteen to seventeen thousand dollars. The flame is supposed to have been occasioned by some burning coals falling from the lower floor into the cellar, which was filled with combustible materials. Gen. Brown is now in this city.

Richmond, Feb. 21.

Virginia Legislature,

The Legislature will probably adjourn on Saturday or Monday next. The House of Delegates have very few bills to act on. Yesterday several bills passed their 2d reading, were engrossed, and passed the House of Delegates.

A motion was made by Mr. Mercer of L. to dispense with the 4th rule of the house, so as to re-consider the militia bill, which had been indefinitely postponed on Wednesday. The motion was lost, by a majority of seven voices. The law of the land remains therefore, as it was in regard to company musters.

Yesterday, the bill respecting the arrearages of the land tax passed the Senate, with several amendments.

The bill for establishing primary schools, academies, colleges, and an university, was reported by the select committee to whom it had been committed. That committee reported an amendment, which went to suspend the execution of every part of the law, except what relates to a board of public instruction, and to laying off the counties into townships. Every other part of the act was not to go into effect, unless sanctioned by the next legislature. Considerable debate ensued on this subject. The bill as amended, being advocated by Messrs. Johnson and Cabell, and opposed by Messrs. Green, Robertson and T. C. Hoomes. On taking the question on reading it a third time, the bill was lost, ayes 7, noes 7.

February 22.

Yesterday, the House of Delegates rose at an early hour in the forenoon; and met again at three o'clock in the evening, to act upon such amended bills as might be returned from the Senate.

On motion of Mr. Mercer, (of L.) the two following resolutions were adopted:

Resolved by the General Assembly, That the Executive be, and they are requested to take the most speedy and effectual means of bringing before the government of the United States, the claim of this Commonwealth, for a reimbursement of the interest on the several sums of money borrowed by the commonwealth for the use of the government of the United States, during the late war; and for such portions of the arms obtained by purchase or manufacture by the government of the United States, under an act of Congress which passed the 23d April, 1808, entitled an Act "Making provision for arming and equipping the whole body of the militia of the United States," as this Commonwealth may be entitled to receive, from reference to the number of effective militia therein."

"*Resolved by the General Assembly*, That the Executive be empowered and requested to adopt such means, as may seem to them expedient, to give effect to so much of the provisions contained in the resolutions of the last General Assembly, for the erection of a Monument to the memory of the late General George Washington, as are now attainable."

The Senate sat late and long on a variety of bills received from the other House.

Both Houses are very thin—the Senate (only 13) a bare quorum. The house of Delegates have not more than six or eight above a quorum. The Legislature will adjourn this day or on Monday.

Departed this life yesterday morning after a short illness, Mrs. MARY ALLEN DAVIS, in the 56th year of her age. Her friends and acquaintance are requested to attend her funeral this afternoon at three o'clock, from the dwelling of Mr. Josiah Davis, on Prince st. to the friends' burying ground.

Accounts from Laidler's ferry yesterday morning state, that a brig from the West Indies, and a schooner from N. Carolina were just below the Narrows, with loss of all their cables and anchors by the ice, and were laying off and on for want of them—that the ice from the Narrows downward was all gone, but above in Nanjemoy Reach, vast quantities were floating—both vessels were off Mattox Creek yesterday morning—further particulars unknown.

Norfolk, Feb 14.

Arrived schooner Margaret, Wilson, 46 days from Gonaives, St. Domingo, bound to Philadelphia, put in in distress, having been kept off the coast by a continuation of heavy North Westerly gales for 30 days; sails split and leaky. The Margaret has brought in Capt. Morris and crew of the brig Plutus, which vessel she fell in with on the 5th February in a sinking condition; also capt. Wm. Nichols, late master of the brig Alert of Newburyport, and capt. Gale of Boston, passengers in the Plutus. The Plutus was from Havana bound to Boston, 21 days out, with a cargo of molasses and spelter; when fallen in with by the Margaret, she had 5 feet 9 inches water in the hold and had lost her rudder. In hopes of keeping her from sinking, capt. Morris had stove and thrown overboard 100 hhds. molasses, but found it impossible to keep the leak under by that means, and when he abandoned her to go on board the Margaret, which was a boat sun set, it was the opinion of all who were on board of her that she would go down during the night. The wind blowing a severe gale at the time and a heavy sea running, capt. Morris was unable to save any thing from the wreck, except a little water, of which there was a great scarcity on board the Margaret her crew having been on an allowance of 3 half pints a day for a week before.

Jan. 21, in lat 37, long. 73, the Margaret spoke the brig Shepherdess, from New Orleans bound to New York, 30 days out, all well. Feb. 2d, in lat. 33, long 70, spoke barque Kitty, Frith, from Norfolk bound for St. Thomas's, two days out, all well. Feb. 6th, spoke a schooner belonging to Newbern, 30 days from Martinique, standing into Ocracock, had lost her main boom and main sail.

The brig Alert, captain Nichols, mentioned above was cast away on the Bahama Banks, Little Isaac Rock bearing W. by N. distant 6 leagues. She struck on a sunken rock which is not laid down in any chart.

Valuable Land for Sale.

Under the authority of a decree of the Superior Court of Chancery held at Fredericksburgh, in the suit of Giles Fitzhugh against A. and J. Scholfield, the subscriber will offer at public sale, for *cash*, at Gooding's tavern, on the premises, on Tuesday the 18th March next, a valuable tract of Land, containing about 1616 acres, situate in Fairfax county, on both sides of the Little River Turnpike Road and of Acotank Run, about 9 miles from Alexandria & nearly the same distance from the city of Washington. Part of a large tract called Ravensworth, and formerly owned by Mr. Giles Fitzhugh. On this tract there is a very valuable Mill Seat, towards the improvement of which considerable progress has lately been made by digging out and preparing the races, & collecting a large portion of the building materials which are now on the spot: the scite also affords room for an extensive manufacturing establishment.

Most of the great roads leading to the towns above mentioned, fall into the Little River Turnpike Road a short distance above the land proposed to be sold, and a new turnpike road leading directly from the land to the city of Washington and Georgetown has lately been laid off and part of it finished. The soil is well adapted to farming and the use of plaister and clover, and a large portion of the land is already well taken in clover.—The various advantages this land possesses render it well worth the attention of enterprizing men. A great number of lots have been laid off for a town proposed to be established along the turnpike road.

The sale will commence precisely at 12 o'clock, and the land will be laid off into lots to suit purchasers. Any chartered bank paper declared to be current in Fairfax county, by the court of that county, will be received in payment.

N. B. The sum to be raised by the above sale is $4317 60, with interest from the first day of this month, and the expenses of sale.
